U. S. Department of Agriculture

AUSTIN, MINNESOTA  
MOWER COUNTY.

We offer one of the most complete  
lines of General Nursery Stock  
on the Market.

A CERTIFICATE OF INSPECTION WITH  
EACH SHIPMENT.

Long Distance Telephone

One and One-half Miles Southwest of Austin.

Plant your trees 15 to 18 inches deep on light soil; 12 to 15 inches in heavy soil; pack the ground firm around the roots so the wind wont loosen the tree, never pack the last couple of shovels of dirt you put on, this causes the ground to bake and excludes air from the ground causing trouble in getting trees to grow. It is a good plan to mulch your trees heavy as soon as you set them. Remove the mulching three or four times a year and loosen up the ground around the tree, two or three inches deep.

## TO THE TRADE.

In presenting our Annual Spring List, I wish to thank our many customers for the liberal trade extended us in the past and to assure you of our appreciation of your continued patronage, which we shall make every effort to merit.

We urgently request correspondence and trial orders from new customers, feeling confident that you will be well pleased with our stock and method of doing business.

We have added to our equipment and plant until now we have one of the most complete and best equipped nursery plants to be found anywhere, placing us in a position to give the best of service.

We are adding to the nursery each year as our judgment advises us on any new fruit that is worthy of planting. In case you don't find everything you want, write me I may have it.

I guarantee to replace all stock free of charge that fails to grow, at the inclosed prices, for one year.

Do not wait until you are ready to set your trees out and then write and tell us to send your trees etc. by return express, as we are very busy getting out orders to ship to delivery points and cannot attend to your order at once. Send in your order early, so as to give us time to get your stock out in good season. Thanking you for your past patronage and soliciting your future trade.

Yours respectfully,

J. M. LINDSAY,  
 Austin, Minn.
